SOLAR DEHYDRATOR

BRIGHT YOUR FOOD

WHO ARE WE ?

Vego is a brand new
company who focus on
presenting eco-friendly
solutions to dry food.

WHY US ?

SunDry

Protecting the environment by using a 5 505 °C energy source.

WHEN CAN YOU USE THE *SunDry* ?

Due to the smart application of sensors and control mechanisms among others special features the SunDry is able to work 24/7.

WHERE TO PROPERLY PLACE THE *SunDry*

It is common for the SunDry to be placed in a garden or on a large balcony but it also works in any space with unrestricted access to the sun light.

**KEEP
